BOHRES, Theodoor

fl. The Netherlands 1779–1852

Also Theodorus; Böhres etc. Possibly a pupil of Hodges or Tischbein; active in Groningen from 1815. His known work in pastel is well into the nineteenth century and is not listed here (the rKD have records of some 220 pastels). His biography remains elusive, but he is probably the Theodorus Bohres married to Catharina Schröers or Schereur when their son, Louis Arnold was baptised in Arnhem on 17.III.1811; his son, a dessinateur, was married in Liège, 15.I.1845.
