

# Neil Jeffares, *Dictionary of pastellists before 1800*

Online edition

## **FOACIER, Jacques**

Paris –1736

Awarded second prize in 1684, he became a member of the Académie de Saint-Luc, and appears to have been given the title of peintre du roi after his death. The only hint that he may have been a pastellist is in his posthumous inventory, which lists ten "petit tableaux en pastelle".
