### GRILLET

Paris ?–1752

Portraits by a Grillet, apparently dead in 1752 (Bénézit, although this may be a confusion), were engraved by Littret and Verhelst (Philippe de La Guèpiere, the Stuttgart architect). A maître à dessiner, M. Griller, active in Lyon, rue des Foureurs, in 1776 and 1777. One record of an unknown “M. Griet” is possibly a phonetic spelling of the same pastellist, but he was active in 1765.
