LE BOUTEUX, Pierre-Michel

Paris 1683 – Lille 1750

Pupil at the Académie royale from 1713; *agrégé* 1722; *reçu* 1728. He travelled to London. Several known canvases at Versailles are of high quality, but no pastel has survived. He was a member of the family of gardeners of which five generations worked at Versailles, and he seems to have been the brother of a cartographer, Jean-Baptiste-Michel Le Bouteux (1682–1764), who was active in America and died in Lisbon.
