LORMANN, Friedrich August Anton

Berlin c.1735 – c.1800

Also Lohrmann, de Lorman. The painter and draughtsman was sponsored by Stanislaw August to study with Bacciarelli, and was then court painter to Joseph Poniatowski in Warsaw. He also painted theatrical scenery in Vienna. Some topographical pictures of Gdańsk are known, as well as several miniatures. The basis for the attribution of a pastel to him is unclear.
