LE LIÈVRE DE LA TOUCHE, Jacques-René-Félix

Rennes c.1710 – a.1788

Presumably an amateur member of this family of magistrates at Rennes. Based on age at the date of the pastel he must have been Jacques-René-Félix Le Lièvre de La Touche, sieur du Sauzay, conseiller du roi, conseiller auditeur (1746) à la chambre des comptes de Bretagne. A bibliophile, his arms appear on an edition of *Gulliver's travels*. In 1770 he purchased a house in Pirmil.
