## **MAUSSION, comtesse de, née Élisabeth-Angélique de Fougeret**

Paris 1772 – Fossoy 11.IV.1851

The minitatures of Alexis de Tocqueville's parents which she made as a fellow prisoner in the Porte-Libre prison in .VII.1794 indicate a high level of competence. It is not clear if she also worked in pastel. The following year she married Louis, comte de Maussion.
