

Neil Jeffares, *Dictionary of pastellists before 1800*

Online edition

PHILLIPS, Peregrine

? – Milltown 1784

He exhibited chalk drawings at the Free Society between 1771 and 1776; his death in Milltown, near Dublin, was announced in *Faulkner's journal*. The gem engraver of the same name appears to have been his son; he published a political tract in Dublin in 1789 as "a native of London".
