PÉRÈS, Mlle

fl. Toulouse 1788

Pupil of Joseph Malliot (1735–1811), directeur de l'Académie de Toulouse (and the author of manuscript notes on the lives of local painters). She was no doubt related to the Jean-François de Pérès, conseiller au parlement de Toulouse, who was guillotined by confusion with a certain Jean-François Peyrot, leaving a fortune of 759,322 livres.
