## **ROSA, Salvator**

Arenella 1615 – Rome 1673

A prolific draughtsman in various media including sometimes coloured chalk. During his second Roman period, 1649–60, Rosa produced a series of portraits (group 31 in Mahoney 1977) using pastels on brown paper in the same format as the marquis de Calvière's example; others are in Weimar, Copenhagen, Montpellier and Florence.
