### STRASSBURGER, Peter

*fl.* Germany 1773–92

Pastellist; recorded in Munich (1773) and Würzburg (1774). From the group of pastels of members of the family of Wolfgang Wack, a musician at the court at Regensburg, it may be inferred that the artist was there in 1787. The distinctive style, as well as the unusual blue cartouche bearing the sitters' names, is also found in portraits of the Boucherville couple who are not known to have left Canada, suggesting that Strassburger may have travelled there in 1789 if the sitters have been correctly identified.
