BONNET, Mme

fl. Bordeaux 1790

Miniaturist, pastellist and teacher, according to Lemoine-Bouchard, although the advertisement cited (*Journal de Guienne*, 12.v.1790, p. 549) mentions only that she was newly arrived from Paris, was a pupil of Siccardi, and offered “le portrait en mignature” and leçons de dessin.” It is also unclear if she was related to the engraver.
